**Subject:** High Flow Adaptor Purchase Enquiry

Good Morning Eddie,

The 2-in-1 Tubing Adapter is suitable for use with a Precision Medical 70 lpm flowmeter (providing this is a standard version with DISS outlet), and allows connection to 15mm and 22mm bore tubing. It is available as follows:

**- 0320463 2-in-1 Tubing Adapter @ £25.00+VAT**

If you are using high-flow in a clinical area where minimising noise is a priority, we can also supply a muffled 2-in-1 adapter:

**- 0320466 2-in-1 Muffled Tubing Adapter @ £30.00+VAT**

Both are available in multi-pack quantities, I have attached an information leaflet for both types, which includes the part numbers for the various buying options. We currently have just 3 of 0320463 left in stock but can get more in stock within a few weeks. Carriage will be dependent upon the quantity that you order, from £8.00+VAT to a maximum of £12.00+VAT.

If you have any queries, please let me know.

Best Regards,

Steve Hardaker  
Technical Support Manager  
Viamed Ltd.

**Please note: Viamed is now enacting hybrid working to allow sales and admin staff to work remotely and in the office. Telephone calls to the main office will be answered, but please continue to use email where possible.**
