Hi Ryan

Following up on the email you had with gary, the warranty for the R-17VANO2 sensor is 3 pieces

If I was to order 5 units of R-33DE, pls confirm if unit price to us is 40.00 pounds and the courier(including the 3 pieces of the above warranty ) would amount to also 40 pounds( as per your last invoice using PPUPS)

Regards,

SIM
