Dear Krishna,

Thank you for your email. I can confirm the price for the Oxiquant S Oxygen Analyser is \$152.00 each, EXW. The Oxiquant S includes built in sensor with battery, model OOI103 (0110660).

Please be aware the OxiQuant S is neither designed for personal protection nor for monitoring medical breathing air in direct contact with patients. It must not be used for the preparation of gas mixtures, but to monitor them. I have attached the leaflet for your reference.

I can confirm we have this product available in stock.

Please let me know if you would like me to send you a Proforma Invoice for 5pcs, including delivery via our courier UPS, or if you would be arranging your own courier?

Kind regards

Sophie Lines
