Good morning,

Hope you are well.

We have three AX300 Oxygen monitors that require repairs. These are the serial numbers.

SN 333728 - Damaged screen

SN 261265 - Not switching on

SN 240356 - Battery connector broken, Sensor connector loose

Please could you send me the RMA for the returns of the devices for a quote to repair these.
Also, please could you quote on a new/ replacement device as well.

Thank you,
Hussein
