Dear VAMED-Team,

for one of our Customers we need 30 Sensors 0110420 MAX-14 (Fluke)

Could you please give us a quote including shipping to Germany?

Or, in case you have a german distributor, please tell us were to get these sensors

Please consider that we are a retailer.

We have a registration at the german ZOLL / Custom office.

Thank you in advance

Mit freundlichen Grüßen aus der sonnigen Pfalz
