

Ryan, 14:34

Phil has tested all of the Divesoft returns, please can you organise getting them sent back to them, no charges, no carriage charge

14:39

whole thing free of charge and duties charged to us?

Ryan, 14:40

sorry, duties can be collected by them

I think there is 159/160 sensors, I would put a value of £10 each for customs purposes
