Hi Miha,

My colleague has explained this situation is due to Teledyne having also switched their notified body.

If you have any further questions, please let me know and I will and answer them.

Kind regards

Sophie Lines

Hi Miha,

Thank you for your email. I will query this with my colleague, although he is not in the office today - I will get back to you with an answer as soon as I can.

Kind regards

Sophie Lines

Dear Sophie.

Thank you for quick reply and send documents.

I notice that EC certificate was valid until 2023-07-08. Is this ok, or there is one certificate missing.

Usually certificates was valid until 2024-05-26 and then NB issue **Confirmation Letter**

Please advise how do you see this situation.

I complicate because we recently have big problem with customs inspector because we have not all necessary documents .

Kind regards,

Miha Bohorč

Hi Sophie.

Thank you for shared information.

Related to the implementation of the European regulation on medical devices (MDR),
and with the aim of ensuring compliance with the applicable legislation,
I would like to obtain the necessary documentation, before we can make an order.

We need CE certificates and DoC's (EU Declaration of conformity), for all items (sensors)
that we are buying from you.

Have a nice day.

Kind regards,

Miha Bohorč

Good afternoon,

Thank you for your email. Kate is currently on annual leave, so please accept my reply.

I can confirm the price breaks for part number 0110081 (UFO 130-2 Oxygen Sensor) are as follows:

1-24 units = \$166.50 each EXW

25+ units = \$149.80 each EXW

Unfortunately we do not have these available in stock at the moment, but hope to have some more in the new year. If you would like to place an order now, the lead time would be approximately 6-8 weeks.

If you require any further information please do not hesitate to contact me.

Kind regards

Sophie Lines
