

08:23

Good morning Ryan, I have had a reply from Virtus to go ahead with the order (was checking they were happy with pricing and use using their UPS a/c). I also asked if the memo "signed and stamped packing list and invoice with weights and dimensions and not to ship until we hear from you" was relevant, but they did not reply to that. Are you happy for us to ship anyway as they said it was urgent? Thank you

Ryan, 08:26

yes please
