Your buyer has paid and now it's time to create a postage label. Since you're sending through the Global Shipping Programme, your item will be sent outside the country with a tracked service — giving you and your buyer peace of mind. Global Shipping Programme transactions are covered by seller protections, but this only applies when you upload valid tracking information.

Give the package to the delivery company within the dispatch time you promised in your listing – and don't forget to update the tracking information.

Please note that unless subject to a hold, your funds will be available for payout within two working days of order confirmation. Check your [payment information](#) for updates.

If you have any questions or concerns, just [get in touch](#). We're here to help.
