To: Janine Gill <office@viamed.co.uk>

Hi Janine,

HAPPY New Year!

We're now ready to order replacement sensors, I think they are R-30V 0110040, I've attached images for reference. Can I please order two of the appropriate sensors, shipped to

Waroona Veterinary Clinic

PO Box 50 (45 South Western Highway)

Waroona WA 6215,

Australia

I think we pay on proforma invoice via PayPal by memory.

Regards,

Ron Schneider

Good Morning,

If you contact us when you are ready to order we can go from there.

Kind regards

Janine Gill

Thanks,

In that case it would make sense to arrange an order in 9 months' time. I'll follow up then unless you have a system to send out a proforma then?

Regards,
Ron Schneider

Subject: Re: Replacement O2 sensor GE Aestiva

Good Morning,

Thank you for your email.

We have an alternative to this sensor;

0110040 - Oxygen sensor R-30V.

1 = \$ 82.68 Each	2 = \$ 74.34 Each	3 - 10 = \$ 70.21 Each	11 or more = \$ 66.08
-------------------	-------------------	------------------------	-----------------------

Carriage will depend on how many you buy.

If you need an example, you would pay approximately \$65 carriage for two.

The sensor has a warranty of 15 months from shipping, we advise you to put the sensor into use within 6 months of purchase to get the best out of your warranty.

Please let me know if you need an official quote or any other info.

Kind regards

Janine Gill

Hi,

Do you have any O2 sensors to replace this original? I assume it is the MAX10? What is the unopened shelf life and estimated shipping cost to Australia, please?
