Good afternoon Andrea,

Thank you for your email.

The price for the functional check service which includes a certificate of calibration of the V1000 is £60, plus £12 return carriage, plus VAT.

If you decide to send the device in, I would need to provide you with a returns reference number to be quoted on any paperwork you include. We also request that the device be returned with a certificate of decontamination status.

Upon receipt of the device, we then email an official quotation. The repairs team would proceed upon receipt of a PO. **We do not require a purchase order until we have sent you the official quotation.**

Please let me know if you require a returns reference number.

Many thanks.

Kind regards

Kate Griffiths
