Hi Sophie,

The money was sent via PayPal, just ignore the PayPal address([35 Berry Road, Waroona](#)) and send as per invoice.

Thanks,

Ron Schneider

Good afternoon,

Thank you for your email. Unfortunately, Janine no longer works at Viamed Ltd.

I have attached your Proforma Invoice for 2x R-30V Oxygen Sensors as requested, including delivery costs to you in Australia.

Please check the document and let me know if I have all your details correct? If you are happy to proceed, payment can be made via PayPal (please use the currency mentioned on the Proforma Invoice).

If you have any questions please do not hesitate to contact me.

Kind regards

Sophie Lines

Thanks,

In that case it would make sense to arrange an order in 9 months' time. I'll follow up then unless you have a system to send out a proforma then?

Good Morning,

Thank you for your email.

We have an alternative to this sensor;

0110040 - Oxygen sensor R-30V.

1 = \$ 82.68 Each	2 = \$ 74.34 Each	3 - 10 = \$ 70.21 Each	11 or more = \$ 66.08
-------------------	-------------------	------------------------	-----------------------

Carriage will depend on how many you buy.

If you need an example, you would pay approximately \$65 carriage for two.

The sensor has a warranty of 15 months from shipping, we advise you to put the sensor into use within 6 months of purchase to get the best out of your warranty.

Please let me know if you need an official quote or any other info.

Hi,

Do you have any O2 sensors to replace this original? I assume it is the MAX10? What is the unopened shelf life and estimated shipping cost to Australia, please?
