Good Afternoon,

Thank you for your inquiry,

Our R-17VAN sensors are priced at £38 GBP each

I believe Carriage costs to Finland would be about 20GBP but I cannot be certain without the full delivery address.

If you would like, if you can give me the details below I can provide you with a Proforma Invoice showing the complete cost of your order.

Contact Name
Email
Phone Number

Delivery Address

Invoice Address

And the quantity of stock that you require

Bear in mind that there will also be customs charges that we unfortunately do not have control over.

If you have any other questions please let me know.

Kind regards

Michael

Hello,

what would be the price if we take 10 pcs of R-17VAN Oxygen Sensor (0110217).

And what would be delivery time and delivery cost?

Thank you in advance.
