Good morning Jon,

Thank you for your message.

The price of part number 0110182 - R-22AVG is £58 each, plus up to £12 carriage, plus VAT. *The price increases to £59.50 on February 2nd.*

These sensors are currently in stock.

If you would like a proforma invoice, I would just need your delivery and invoice addresses in order to set up an account for you. Also I would need to know how many you require.

Once you have received the proforma invoice from us and replied to say you accept it, we would email a link to Square in order for you to make payment.

We do have some automotive sensors available through the website, but unfortunately not the R-22AVG.

I have attached a specification data sheet about the R-22AVG.

Many thanks.

Kind regards

Kate Griffiths

Hi, I was speaking to a lovely lady last night and she gave me a part number of 0110182, automotive oxygen sensor, with a part number on the bag of R-22AVG, also V107475 is just above the bar code. Can you please send a link so I can order it please?
