Good afternoon,

Thank you for your email. I can confirm the price for the V1000 Foetal Heart Simulator (part number 1410000) is \$922.60 EXW.

In order for me to provide you with an official quote including carriage costs via UPS, please can you let me know your full invoice and delivery addresses so I can set you up on our system?

Kind regards

Sophie Lines

Viamed is now enacting hybrid working to allow sales and admin staff to work remotely and in the office. Telephone calls to the main office will be answered, but please continue to use email where possible.

V1000 Foetal Heart Simulator

Part Number: 1410000

Regular price ~~£676.20~~ **Sale price**

VAT and Shipping Calculated at Checkout

The V1000 foetal heart simulator is a hand held device that has been designed for use by engineers, midwives and clinicians.

This unique patented simulator is easy to use and offers objective testing of foetal heart monitors, rather than subjective traditional methods or cumbersome and expensive test equipment.

To be used with foetal heart monitors and transducers for:

- Testing prior to use
- Fault finding and diagnosis
- Soak testing
- Simulation and training
- Use as part of a PPM procedure

Includes 4 x AA batteries and is supplied in a hard plastic carry case.
