i'll need at about 150-200 pieces sensors per year but firstly i have to make sure that this sensor is compatible

with the monitors we represent.

So, if you could provide us with these sensors, i would like to have a sample to check if it's compatible with the units

so after i could order such quantities.

Please, advise.

I hope this email finds you well.

Thank you for reaching out regarding the Masimo sensors.

We hold distribution rights for these products in the UK, and more recently, this has been extended to Italy for certain items.

I would be happy to look into supplying you; however, could you first confirm what you anticipate your requirements to be?

I look forward to hearing from you.
