OK Ashleen, if you require early April we can then date the sensors 'April'. Please note that we can't then bring them forward.

Regards

Steve

No this order can be the normal time frame but if they will be delivered towards the end of the month could we have the following month on them instead, If that makes sense

I think April should be fine because 6 weeks from now will be the first week of April 😊

Kind Regards,

Ashleen 😊

Thank you for the new purchase order Ashleen.

Do you want them produced ASAP, or do you want them say with a manufactured date of 'April', 'May'..?

Regards

Steve
