Tim Bray is sending V1000 for calibration - PRO3560A11. I have advised the new cost via email and all instructions for sending

20/Feb/2025 Sophie Lines

Email received from Tim - he has sent the V1000 but not removed batteries or included decontamination cert. He also included a PO in the box but is now aware the price is increased, so emailed an updated version

20/Feb/2025 Sophie Lines

There is no option for me to upload a copy for the PO to this page. You should be able to find it by searching the inbox...
