Dear Marie-Pierre

We can certainly try, but we cannot guarantee to deliver in 4 weeks. Standard delivery lead time is 4 - 6 weeks.

Please let me know if you wish to proceed.

Dear Marie-Pierre

I'm sorry, but it is too late as the order is in process.

If you need another 50 sensors, do you want to place another order? Please note the delivery lead time is 4 - 6 weeks, and at the moment there is peak demand for sensors.

We are updating the labelling and I will send you a updated datasheet for your records.

Regards

Steve

Hi Steve,

Could you please tell me whether it would be possible to add an additional 50 cells to the order due in March ?

Also, when do you think we'll have the new label on ?

Many thanks
