Dear Aqib ,

As we mentioned before we also need the  
0111275 : Envitec OxiQuant S Oxygen Analyser. QTY: 4  
Includes built-in sensor with battery, model OOI103 (0110660).

We only decreased one oxygen cell because of lifetime. Please add these 4 to our order and send us the invoice to transfer.

Please also the dimensions and pick up address .

Regards
