Hi William

Yes, we will apply the offer to your current offer. You would get 4x 1114005 and 2x 1114006 FOC as long as the order is finalised before the 21st March.

I have CC'ed my colleague Kate, she will make sure the additional items are added to your order.

Best regards
Ryan

Dear Ryan

Trust you're doing well. Thanks so much for your email. We are currently not able to order large quantities of Eyemax to qualify for Maxtec offer due to slow movement of the product but We have just placed a small order for 40 packs regular and 20 packs premie. If this can qualify us for your extended offer from Viamed, We will appreciate so much.

Thanks once again for updating us on the offer.

Regards

Dear William

I hope this email finds you well.

I wanted to let you know that Maxtec is running a promotion, unfortunately there is not a lot of time to take advantage of it.

Maxtec will provide 10 boxes of EyeMax free of charge for every 100 boxes of the same type purchased.

To align with this, we are also extending a slightly enhanced offer:
Order 10 boxes and receive 1 additional box of the same type free of charge.

This offer is available until 21st March 2025.

Please let me know at your earliest convenience if you would like to take advantage of the offer and place an order for additional stock.

I look forward to your reply.

Best regards
Ryan
