Hello Ryan,

Our customer found an oxygen sensor-UFO 130-2 (202153 I4) that was not working on the machine. Please see the picture below, results tested on 11/14/2024. It didn't work either when tested on other machines earlier this year.

Also when unpacked and used, it's just broken. We would like to return it for repair.

Best Regards,
Tracy
