Hi Kate,

Sorry for the delay I had to wait for the engineer to get back into the workshop. He has confirmed it's the 120095 that we need please.

Thanks

Carli

Carli Jarrett

I work part-time on Mondays, Tuesdays & Wednesdays.

Subject: Re: Official Order for processing 1508025

This message originated from outside of NHSmail. Please do not click links or open attachments unless you recognise the sender and know the content is safe.

Good afternoon,

Thank you for your PO 1508025.

The correct price of part number 0110452 is **£112.10 each when purchasing one**. The other price breaks are as follows:

1 = £ 112.10	2 = £ 109.40 each	3 - 10 = £ 106.60 each	11 or more = £ 101.00 each
--------------	-------------------	------------------------	----------------------------

There are two versions of the MAX-550E:

0110452 (R140P02) is a Max-550E for use with MaxO2 ME oxygen monitors. It is supplied complete with a standard 15mm I.D. flow diverter (0120095).

0110454 (R140P02-001) is a Max-550E for use with MaxBlend devices (MaxBlend 2, MaxBlend Lite and Blender Buddy 2). It is supplied complete with a special flow diverter which is narrower in diameter and has a small bleed hole (0120086).

Your PO shows part number 0110452-MAX-550E, but it easier to check now than sends the wrong sensor.

I look forward to your reply.

Kind regards

Kate Griffiths
