Dear Ryan,

Please send us a new PI instead of the Quotation QVM155331 and add the part # 0110047 Oxygen Sensor R-47V instead of OOMLF204.

Subject: Re: RFQ. O2 sensor.

Hi Mike

I am really sorry for the delay in getting back to you in regards to the OOMLF204.

We are getting a version of the OOMLF204 (same sensor), but it will be labeled under a different model number for political reasons, OOMLF204-D.

Although I can't confirm it at the moment, the price is likely to be USD \$73, but it will be at least a month or more before we will have them.

In the meantime, we have the standard version (with lead) available:
0110047 Oxygen Sensor R-47V = USD \$69 each EXW

Best regards
Ryan

Subject: Re: RFQ. O2 sensor.

Hi Mike,

Please accept my apologies. I have just been informed that part number 0110814 - OOMLF204 sensor (lead free) **has not been released yet.**

The in stock alternative is part number **0110047** - R-47V (\$69 each)

Would you like me to amend your quotation?

Kind regards

Kate Griffiths

Subject: Re: RFQ. O2 sensor.

Good morning Mike,

Thank you for your email.

Please see updated quotation as requested.

I need to let you know that part number 0110017 - R-17MED now has a lead time of early April.

Part number 0110814 - oxygen sensor OOMLF204 is a **non stock item**. This is a lead free sensor. We do have the alternative (leaded), part number 0110047 - R-47V in stock. The price would be \$69 each EXW. I have attached a data sheet so you can see if this would be suitable instead.

Kind regards

Kate Griffiths
