Good afternoon,

I am emailing regarding your purchase order 0005001403. This order was scheduled for delivery the 1st week of April, however due to an unforeseen issue at the factory, we are now expecting these to be ready in approximately 2 weeks. This delay shouldn't affect any of your other future orders.

How are you for stock at the moment? If you need to discuss this issue with Steve Hardaker, please do not hesitate to get in touch. I have CC'd him into this email.

Kind regards

Sophie Lines

Hi Steve,

Please find the next lot of forward orders attached.

Following this will be some forward orders for the Teledyne R-22A as we seem to be selling quite a few of these also.

Many thanks

Hi Steve,

It's that time again to need to look at the scheduled orders that you might need for the 2nd quarter of 2025.

This is the only order that we currently have live for GOC5223:

- 0005001154 - 100x 0110365 / GOC5223 - to ship 03 March 2025

If we can get some forward dated orders on the system for April - June, that would be great. Sorry I've left it a couple of weeks later than usual, but hopefully it will be adequate time to get them in.

I look forward to hearing from you.

Best regards,

Steve Hardaker
