

Competency Assessment Questions – Air/Oxygen Blenders

Please refer to any system resources that you have access to in order to locate the information. The training materials will be made available on the system.

If you are unable to find the information, please make notes at the end of this document detailing where you struggled.

- 1) What is the typical pressure for gas hoses in UK hospitals?

- 2) Name 2 departments that might use air/oxygen blenders.

- 3) What is the accuracy of an Inspiration Healthcare blender?

- 4) What is the part number for an Inspiration Healthcare Low Flow Air / Oxygen Blender with pole mounting bracket?

- 5) What is the default length of the gas hoses supplied with blenders?

- 6) How often should a MicroMax blender undergo an overhaul service?
