

Competency Assessment Questions – Maxtec Air/Oxygen Blenders

Please refer to any system resources that you have access to in order to locate the information. The training materials will be made available on the system.

If you are unable to find the information, please make notes at the end of this document detailing where you struggled.

- 1) What is the name of the standard gas fittings used on medical gas hoses in the UK?

- 2) What principle does the MaxVenturi use to get the air to blend with piped oxygen?

- 3) What is the accuracy of a MicroMax blender in % of full scale?

- 4) What is the part number for MaxBlend 2 service kit?

- 5) Which 2 devices are bolt-on accessories for use with existing blenders?

- 6) How often should a MaxVenturi undergo an overhaul service with valve replacement?
