Hi Julie

I hope this did not cause any confusion, but your enquiry was forwarded from our big sister company to us. This was for two reasons, the first is that there have been problems with documentation requirements when non medical companies have imported medical accredited sensors from a medical company and second you have a trade account with Vandagraph, so it will be more economical for you.

We would be happy to post it to a UK address for you, but we will be forced to add the UK VAT:

R-41V = £38
Postage = £7
Total including VAT (20%) = £54

The sensors are available from stock, so we can ship as soon as payment is received.

If you would like to proceed with an order, we can send you a secure payment link where you can make a card payment or a proforma invoice with our bank details. Please provide your up to date billing address and the delivery address.

I look forward to hearing from you and please do not hesitate to contact me if you have any questions.

Kind regards
Ryan

Hello,

We are looking to purchase the following:

OXYGEN SENSOR 0110041

We will have it shipped to a colleague in London. Can you confirm the total amount for this and your preferred method of payment?

I look forward to hearing from you.

Kind Regards,

Julie Socratous
