Dear Aqib,

Thank you very much for your order confirmation. Please be so kind to proceed with the order.

The Silicone Finger Sensor is exactly what we need.

Could you also please let us know the differences between 0012722 and 0012271?

How it do with the different version of SpO2 board?

We would also like you to send us by email the revised price list of VM-2160 Smart Sat spare parts (as the attached file).
