Trade Customers

Please use UPS Standard (PPUPS6) unless it is not available in the destination country, in which case please use UPS Express Saver (PPUPS7).

If the client has a credit account then no carriage value is required, as this will be calculated and added at the point of invoice. If the client has a proforma account, then carriage costs must be calculated and added to the proforma.

To calculate UPS costs, please use weights and dimensions provided by the warehouse and then you can use either the Viamed or Vandagraph UPS online system as you would with a Viamed order.

Europe: Round up the value to the nearest £ and add £2.00

Outside of Europe: Round up the value to the nearest £ and add £5.00

Examples:

- If the destination is France and the UPS cost is £9.82, please charge £12.00
- If the destination is Thailand and the UPS cost is 63.15, please charge £69.00

Please note that no insurance is to be added on any Vandagraph orders
