Hi Helen, Quest Medical ordered 1 x 0121180 Viamed  Wall Mount yesterday. After finally getting the delivery address from them, I still managed to use the wrong del. address  I have asked if they need another to be sent to their Bicester address as they need it for Friday (£14.30 plus £8 carriage), would they need to return the one I sent to the wrong address/should the replacement be free of charge to correct address? Sorry, not sure what to do.....
