Hello Catlin

Can we please have some to try out, you'll of course have to send the wire to allow us to try trial them .
Need to know what quantity you are going to send, when we originally where sent the originals to trial,
you did not send enough!

Alastair

Subject: Manufacturing Supplier Change: Single Use EEG Sensors

Dear Alastair,

We are writing to inform you that we will shortly be **switching our manufacturing supplier** for the **Single Use EEG Sensor – Adult** (for measurement of the Bispectral Index), which you currently purchase from us, from **Medker** to **Medlinket**.

This change has been made to ensure a **consistent supply** and to provide a **more cost-effective solution**, whilst maintaining the quality and compatibility you expect. Medlinket also offers a wider range of EEG sensor variants and sensor-to-monitor adapter cables.

The Medlinket sensors will be supplied **once our existing stock of Medker sensors is depleted**.

For your convenience, we have attached the following:

- Manufacturer's leaflet
- Declaration of Compatibility
- Price list

Copies of the **Declaration of Conformity, ISO 13485 certificate, and CE certificate** are available upon request.

Samples are also available should you wish to trial the Medlinket sensors prior to placing an order.

If you have any questions or would like to request samples or additional documentation, please do not hesitate to get in touch.

Kind regards

Catrin Hollings
