Good afternoon, Ryan

I hope this email finds you well.

My apologies for any confusion caused regarding these requests for quotation.

For clarity, I require 5 units for our US team. Could you please provide me with a quotation for 5 units with calibration?

Many thanks for your help.

Kind regards

Emma

Hi Ryan,

Yes, this is a completely separate order for our engineers in UK/EU region. Actually, I didn't realise that there was a previous request, and as I now understand, those are for our US engineers.

Please arrange the quotation for 5X units for 'OrganOx Europe', manual switch off, including the valved T-piece.

Many Thanks,

Dear Ruwan, Mathew and Emma

Thank you for your emails and I apologise for the delay in my reply.

I meant to call you yesterday to clarify if these are separate orders?

I have attached one proforma invoice for 5x VN202 with Manual switch off. Please let me know if you would like any amendments or if you are happy to proceed.

Best regards

Ryan
