Morning

Thanks for coming back to me.

Apparently, it is missing a lead (or came to us without a lead).

We can replace that here as we have it in stock.

Just the repair needed. Hope that clarifies.

Many thanks

Louise

Hi again Louise, the repairs team have asked me to check what is meant by **missing accessories** on your paperwork.

Master document held on SharePoint. Sample shown below.

THIS FORM MUST BE COMPLETED PRIOR TO TRANSPORTATION, INSPECTION, SERVICE OR REPAIR OF MEDICAL DEVICES/EQUIPMENT. THE RESPONSIBILITY FOR DECONTAMINATION OF MEDICAL DEVICES/EQUIPMENT RESTS WITH THE USERS.	
Items manufactured as single use <input checked="" type="checkbox"/> must not be re-used or re-processed in any way.	
Type of equipment: <u>Notre Stim</u>	Manufacturer: <u>MIPM</u>
Description of equipment:	
Other identifying marks:	
Model no: <u>TOF 30</u>	Serial/Medical Physics no: <u>174672</u>
Fault: <u>Damaged Screen, Missing accessories</u>	
1. Has the equipment been exposed internally or externally? YES/NO <input checked="" type="radio"/> NO	
Type of contamination (*Delete as appropriate) Blood, Body Fluids, Respired Gases, Pathological Samples, Chemicals (Including Cytotoxic Drugs), Radioactive Material.	
2. If YES, has this equipment been cleaned and decontaminated? YES/NO <input checked="" type="radio"/> NO	
What method of decontamination has been used: <u>Spec Spa - Clean Decon wipes</u>	

They were wondering if this means some accessories are required? If that is the case, a separate PO would need to be raised by your team.

I look forward to your reply.

Many thanks.

Kind regards

Kate Griffiths
