Hi Pieter

I just want to double check your requirements, after the edited P.O.

600 sensors (August) have just been delivered.

This leaves:

600 sensors (September) ref. 4536012563

500 sensors (October) ref. 4536012561

Also, 200 sensors as emergency back up spares.

Do you agree with the above, does this fulfill your current requirements?

Do you have any idea of quantities required for November and December?
