Hi Steve

Can you please add 1 R33DE sensor for our oxygen analyzer to the September shipment?

Thanks in advance

Bram

This message is from an EXTERNAL SENDER – be CAUTIOUS, particularly with links and attachments

Thank you for the quick reply Bram.

I'll contact you later in a more formal manner, as I will need to update our technical files.

Thank you again for your understanding and accepting the 'September' sensor delivery with August manufactured date format. I will add a note to our files to add an extra months warranty, so that you do not lose out in any way

Unless instructed otherwise we will ship the sensors during the first week of September.

Regards

Steve

Hi Steve

Just discussed with Pieter, no problem to use round shape around molex conn. for the future.

Kind regards

Bram
