Hi

Can you help

I'm from the Golden Jubilee Hospital in Clydebank and do some of the ordering for Critical care with my Colleague Tracey Crichton.

We're looking for the airway adaptors for our portable emergency CO2 monitoring. I think the code is 4420821 and has been a while since we ordered any. Could you check if this is what we previously ordered and also could you give us a quote for a box of x 25 please

Regards

Murray
