Hi Rebecca

Sorry I can't answer this, far too technical!

Copying in **Greg and Yas** who can hopefully advise best, and I'll be more than happy to have price adjusted as required.

Hi gents – Please read the below and advise Kate at Viamed the correct part requirement.

Many thanks

Adam Benyon

Good morning Rebecca,

Thank you for your PO RHMN400035005.

Please could I advise you that the correct price of part number (R140P02) 0110452 - MAX-550E oxygen sensor **for use with MaxO2 ME Oxygen Monitor** is £112.10 each. The other price breaks are as follows:

1 = £ 112.10	2 = £ 109.40 each	3-10= £ 106.60 each	11 or more = £ 101.00 each
---------------------	-------------------	---------------------	----------------------------

There are two versions of the MAX-550E.

I can see that part number 0110452 has been bought by your team in the past (October 2024).

0110452 (R140P02) is a Max-550E for use with MaxO2 ME oxygen monitors.
It is supplied complete with a **standard 15mm I.D. flow diverter** (0120095).

0110454 (R140P02-001) is a Max-550E for use with MaxBlend devices (MaxBlend 2, MaxBlend Lite and Blender Buddy 2).
It is supplied complete with a special flow diverter which is **narrower in diameter and has a small bleed hole** (0120086).

Please let me know if you would like me to proceed with the correct price for part number 0110452 - MAX-550E oxygen sensor with a **standard 15mm I.D. flow diverter**.

Kind regards

Kate Griffiths
