Hi Kate,

That's okay, just thought I'd ask. If we could get the quote for two, that would be helpful as it's just a bit easier on our end. I did ask for a repair through the technical team too but due to the age, my manager just wants to replace both at the same time this time.

Thanks in advance,

Good morning Jamie,

Thank you for your reply.

There are no price breaks for the V1000 unfortunately. I can of course amend your quotation to show 2 x 1410000 (still £12 carriage) or you could use the original and amend your PO to suit.

In case you need to know, the fixed repair cost for the V1000 is £95, plus £12 return carriage, plus VAT. Any parts that may need to be replaced are chargeable. Upon receipt of the device, the service team would assess it and and issue an official quotation. We would not proceed until a PO is received.

Kind regards

Kate Griffiths

Good morning Kate,

We were looking at repairing our other one but it's also dated so we are looking at purchasing 2 now. Is there any kind of multi buy discount or would we use this same quote for both?

Good afternoon Jamie,

Thank you for your email.

Please see attached quotation, valid for 30 days.

If you choose to order, please could the reference **QVM158690** be mentioned on the Po?

Many thanks.

Kind regards

Kate Griffiths

Good afternoon,

Could I get a quote for a V1000 foetal heart simulator please?

Thanks in advance.
