Hello Rayan

Lets try again the shipment to Bulgaria, I am very sorry to make you make all this changes.  
We have also changed our Dive Center address. Now we are located on Parvi May 21.  
I am not sure, how I made the payment the last time. Paying with bank card or PayPal is a the easier option for me.

Below is the correct an updated address.

Stoyan Stamov  
Diving Center Sozopol  
[Parvi May 21](#)  
Sozopol, 8130  
Bulgaria

Thank you in advance for your time Rayan.

Hello Rayan  
Thank you for your quick response.  
Last time problem was in the Bulgarian posts.  
I will go for the option to be shipped to the UK address.  
Thank you for the honest advise to purchase just one sensor  
Best regards  
Stoyan

Dear Stoyan Stamov

Thank you for your email.

I understand your concerns with airmail, we have encountered numerous issues with this service, so we now try to use UPS within mainland Europe. We have secured some reasonable rates, so please see the costs below for both options:

Delivery to UK:  
R-17VAN = £38  
Postage £7  
Local VAT (20%) = £9  
Total = GBP £54

Delivery to Bulgaria:  
R-17VAN = £38  
UPS = £15  
Total = GBP £53  
(with this option it is probable that you will have to pay your local VAT and possibly a customs administration charge prior to delivery)

In regards to ordering a second sensor, this is your choice but we would not recommend it. We recommend that sensors are put into use within 6 months of purchase. Although the sealed packaging prolongs the life of the sensor, it does not stop it working altogether.

Best regards  
Ryan

Hello

I hope this email finds you well

This is Stoyan from Diving Center Sozopol.

I purchased a Vandagraph O2 analyzer from you 2 years ago and I am very happy with it.

The oxygen sensor however will soon need to be replaced. For ordering I have 2 options, one is to be shipped directly to Bulgaria, however that got a bit complicated last time due to issues with the Bulgarian posts. Option 2 is to have it shipped to a UK address and from there to be shipped to Bulgaria. Second option has less bureaucracy, however would take a bit longer as from the UK address will be shipped to Bulgaria. Considering that shipping cost for one oxygen sensor would be the same as for 2, I may order 2 sensors. I would think that if the second one stays in a vacuum pack it will last for a few years.

This is the sensor I need - R-17VAN Oxygen Sensor (0110217)

Please let me know what would be the price to be shipped to Bulgaria and a shipping option to ;
