Good morning,

I'm sorry to ask this, but I ordered an R17 cell from you and forgot to order a new analyzer.

Can you please add your VN202 mkII analyzer (7910100) to my order?

For payment, if it's easier for you, I can make a bank transfer or if you can provide a link for card payment, I don't care.

Thank you in advance.

Best regards.
