CVM158279 please put on hold. Ryan and customer confirmed to change from NIST version 0312093 to DISS version 0312097 to facilitate quicker shipment, same pricing. I have sent the amended supplier purchase order to Maxtec and awaiting their confirmation. Maxtec do have 0312097 in stock, so shipment should be straight away. Once PVM4609 reconfirmed, please update the customer order.
