Dear Kate,

I hope you are doing fine.

I kindly ask you to update our offer as following:

1. Viamed Oxygen Sensor R-30V Qty: 10
2. Teledyne Sensor R-22MED Qty 5

Thank you in advance for your usual cooperation.

Regards

From: Kate Griffiths <kate.griffiths@viamed.co.uk>**Sent:** Monday, September 1, 2025 1:04 PM**To:** operations@azmedicslebanon.com**Subject:** Re: new order 20-8-2025

Good morning,

Thank you for your email.

Please see attached updated quotation as requested. These sensors are **currently** in stock.

You will see the carriage charge has changed.

Many thanks.

Kind regards

Kate Griffiths

Subject: Re: Order 5-2025

Good morning,

Thank you for your reply.

The R-22MED (Teledyne branded) and the R-22MEDV (Viamed branded) have **slightly different outputs**, but the same application. If you would like to let me know what device you need to use them in, I can check our cross reference?

The outputs are as follows:

R-22MEDV (0110021) 9-13 mv (this sensor is currently in stock)

R-22MED (0110022) 7-13mv

The R-22MEDV is available in singles or matched pairs. The singles are part number 0110021. The matched pairs are part number 0110072 (known as R-22VI).

Please let me know if you require any changes to the quotation and I can update it and include carriage to Lebanon.

Kind regards

Kate Griffiths

Dear,

I need the order as soon as possible.

If the R22med is not available on stock; do you have same equivalent oxygen sensor to replace this model?

If yes can you send me an updated offer including shipping to Lebanon.

Regards

Subject: Re: Order 5-2025

Good morning,

Thank you for your email.

Please could I ask that **future order are sent to orders@viamed.co.uk** - this is an email that the whole sales team can access.

Please see attached quotation, valid for 30 days.

1- OOM111-M. Part number 0110590 is currently in stock

2- **R-22MEDV**. This is available in singles, part number 0110021 (I have used this for the quotation) *or pairs - part number 0110072 (known as the R-22vi)*

3- R-22MED. Part number 0110022. **This has a lead time of late May 2025**

4- MAX-550E. I have used part number 0110452 - this is the MAX-550E with **standard flow diverter**. This is currently in stock

5- R-42V. Part number 0110042. This is currently in stock

6- OOM113. Part number 0110579. This is currently in stock.

As I do not know whether you require single or paired sensors - R-22MEDV, I will need to work out the carriage charge when you let me know.

Please let me know if you require any changes to be made to the quotation, or if you require a proforma invoice.

Kind regards

Kate Griffiths
