Hi Steve, Bultechnomed (proforma) have ordered 10 x 0110431. Date of the 10 in stock is 2024-01-03 which I believe is March 2024. Is this too old please? 🤔 Thank you

You can ask them. We have stock of the MAX-250A which has a manufactured date of 2023-01-03. Is this acceptable bearing in mind that we offer warranty from the date of the invoice.

Sorry that should be 2024-01-03
