Oh, that is great news.

I would like a quote for 4 x Part number 0110122 - R-22A Oxygen Sensor including shipping costs to :  
BRP Valcourt  
Att. François Brizard (plan 6)  
565 De la Montagne  
Valcourt, Québec, Canada  
J0E 2L0

Also, with the intention of "trying not to go through the long process of opening an account", since this is only for a small amount, can you tell me if BRP can pay by credit card? This would simplify and accelerate the whole transaction process (and mean that I would be back in operation with that part faster !)

Let me know

Best regards

Subject: R-22A in Canada

To: <[info@viamed.co.uk](mailto:info@viamed.co.uk)>

Hi,

We have a system which uses a R-22A oxygen sensor that just failed.  
The OEM assembly was made by Amium in Austria and they gave me the details about the part.

Is there any chance you may have a distributor in Canada ? North America ?

Please let me know!

Best regards
