We understand that all products purchased comply with EU legal requirements. Particularly, we remind suppliers of the deadline August 18, 2024, for the compliance with Regulation (EU) 2023/1542 on batteries and waste batteries. This includes, but is not limited to, the prohibition on portable batteries containing more than 0.01% by weight of lead, the requirement for clear labelling and markings, and adherence to sustainability and safety criteria. Should any products fail to comply, the supplier is obligated to ensure a cost-free return and to reimburse us for all associated return expenses.
