correctly licensed**

Dear Sir/Madam,

You may remember telling us that your business didn't need a TV Licence. We know circumstances can change, so please get in touch to make sure our records are still up to date.

The law says that your business does need a TV Licence if you, your staff or customers plug in and watch or record live TV. This includes all TV channels, pay TV services like Sky and live TV on streaming services like Amazon Prime Video.

You also need a TV Licence to be covered for everything on BBC iPlayer. This could be on any device, including a TV, computer, laptop, mobile phone or tablet.

It's your responsibility to make sure your business complies with the law. To keep our records up to date, please do one of the following:

- **Buy a TV Licence today**

It costs £174.50 a year – to buy a licence, just go to **tvlicensing.co.uk/pay** or call us on **0300 790 6167**

- **Or claim No Licence Needed**

Go to **tvlicensing.co.uk/noTV** now to tell us that your business does not need a TV Licence. We may visit your business to confirm this

If you have recently bought a TV Licence or told us you don't need one, thank you. You don't need to do anything else.

Yours faithfully,

*Jackie Garswood*

### When does my business need a licence?

You need a TV Licence if any staff, customers or visitors watch, record or download live TV. It covers you for all TV channels, pay TV services like Sky, and live TV on streaming services like Amazon Prime Video. As well as everything on BBC iPlayer. This applies to any device, including a TV, computer, laptop, mobile phone or tablet.

If no one on your premises watches TV in any of these ways, please let us know at [tvl.co.uk/noTV](https://tvl.co.uk/noTV)

If you play music for customers or staff on a radio, TV, computer or from a CD/DVD, you'll probably need to buy licences from both PRS for music and PPL. Visit [prsformusic.com](https://prsformusic.com) and [ppluk.com](https://ppluk.com) for details.

### How many licences does my business need?

A single licence usually covers your entire business address, no matter how many devices you're using. But, if you need to license more than one address, you should buy a Company Group TV Licence. Call the number on the front of this letter and we'll be happy to help.

If you have sight loss, you can get this information in Braille, large print or audio. Just call **0300 790 6076**.
