Good afternoon,

Thank you for your email.

Part number 0110049 - R-49V is suitable for use in the Hamilton Galileo.

The price of part number 0110049 - R-49V is \$37.75 each EXW. These are currently in stock.

I have asked a colleague which sensor is suitable for use in the Event eVolution and I will reply again as soon as I have the information.

Thank you for your patience.

Kind regards
