How do you want to invite your trusted helper?

You can create an invitation and send it to your helper. You can also use Easy Connect to simplify connections to your helper.

→ Save this invitation as a file

You can send this invitation as an attachment if you use web-based email.

→ Use email to send an invitation

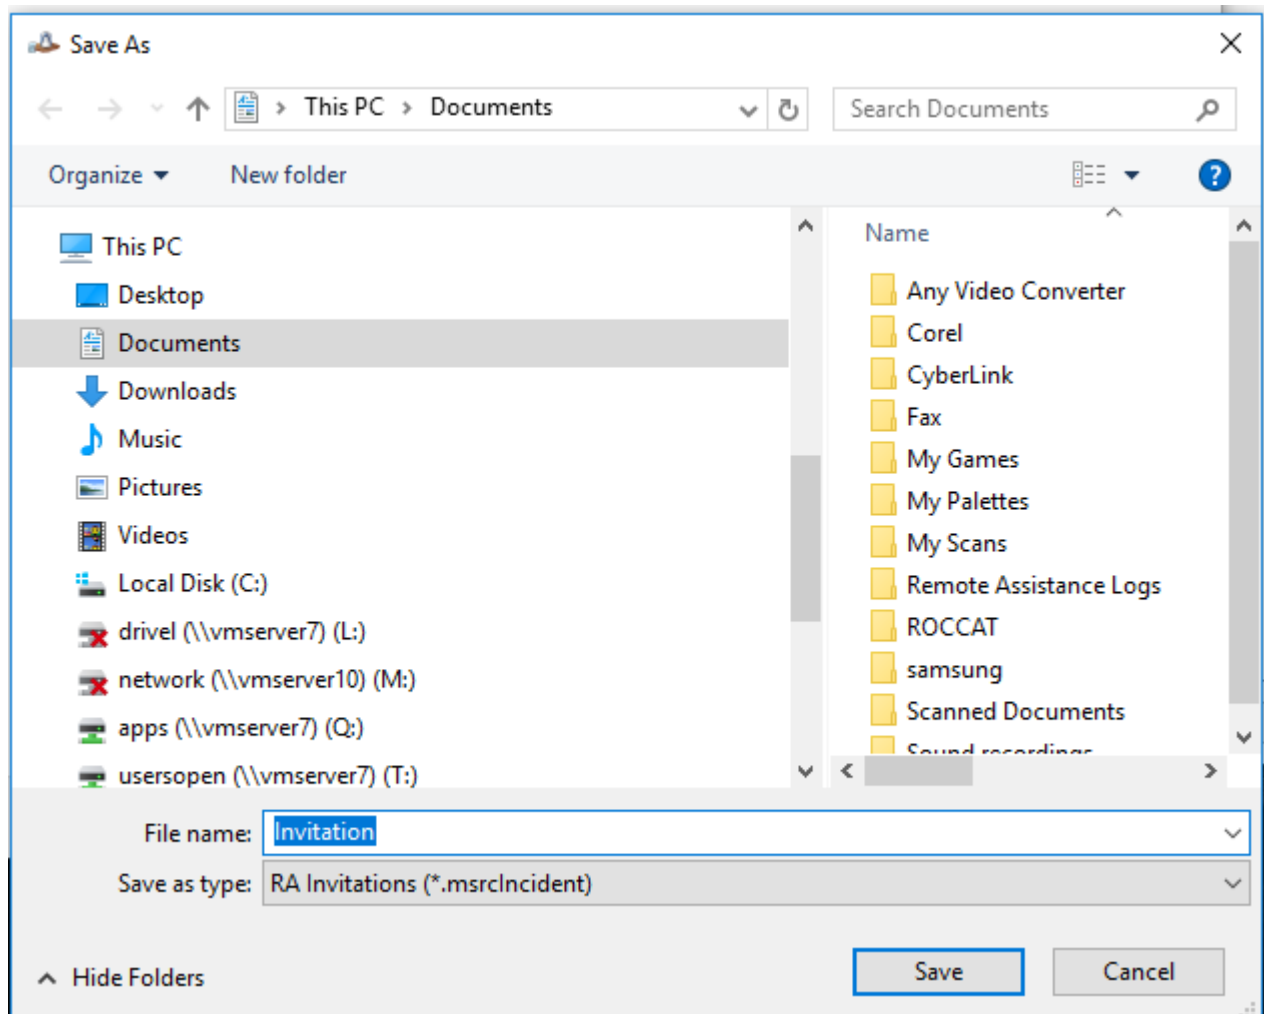

If you use a compatible email program this will start the email program and attach the invitation file.

→ Use Easy Connect

Use this option if Easy Connect is also available to your helper.
