Dear Sophie,
Many thanks for getting back in touch.
I have highlighted the specific part required in your message below.
Kind regards
Suzannah

Dear Suzannah,

Thank you for your email. I have looked into this for you on our cross-reference system, which suggests the following two sensors as potential equivalents:

Part number 0110650

Oxygen O2 Emissions Sensor 2FO (0–25% vol) CiTiceL (Standard) AA625-180

Part number 0110651

Oxygen O2 Emissions Sensor 2FO (0–25% vol) CiTiceL (with 300 mm flying leads) AA625-230

Please could you confirm which version you require? Once confirmed, I will be happy to provide a formal quotation including shipping and lead time.

Kind regards

Sophie Lines

Good morning,

Our previous supplier is no longer able to supply 2FO type (bayonet version) galvanic oxygen sensor.

Please could you provide a quote (incl. any shipping charge) for your 2FO type oxygen sensors please. We would require two.

Also, what would the lead time be please?

Many thanks,

Suzannah
